

# 2012 WEATHER CALENDAR FOR CHATTANOOGA

**Climatological Data:** Daily normals of maximum and minimum temperatures, and monthly normals of temperature, heating/cooling degree days, and precipitation for Chattanooga, Tennessee for the period 1981 to 2010 are available from the National Climatic Data Center in Asheville, North Carolina. The data from Chattanooga can be used as representative for most of the southern Tennessee Valley. Departures of actual daily and monthly data from the normals are expected. The variations in normals at different locations in east Tennessee are attributed to the locality's latitude, elevation and topography. Record high and low temperature data starting from January 1879 can be accessed from our homepage or call the number below.

**Current Weather Data:** National Weather Service data can be acquired from NOAA Weather Radio, and commercial television and radio. In addition, you can call us at 423-586-3771 to obtain the current weather and forecast for the Chattanooga area. You can also access our homepage on the Internet at: [www.srh.noaa.gov/MRX](http://www.srh.noaa.gov/MRX).
